ABOUT US

The Ohio State Neurosurgical Society (OHSNS) is a professional organization that supports patients and members in advancing patient care through the encouragement of education and research by neurosurgeons and advanced practice providers in achieving the highest possible standards of professional ability and integrity. The Ohio State Neurosurgical Society (OHSNS) Annual Meeting is our once-a-year opportunity to meet as a group, learn, discuss, debate, and network. The neurosurgery format brings together leading experts to discuss and debate interesting cases and provides an opportunity for relevant and immersive discussion for both academic and private practicing neurosurgeons and their health care team.

Dear Colleagues,

On behalf of the Ohio State Neurosurgical Society (OHSNS), we are pleased to extend this invitation for you to exhibit at the 2026 OHSNS Annual Meeting in Columbus. This event features the latest innovations in science and highlights best clinical practices in neurosurgery that showcase OHSNS members' quest for excellence in all aspects of their work.

Each year, nearly 100 neurosurgeons and advanced practice providers attend this successful meeting. As an Annual Meeting exhibitor, you will receive valuable opportunities to network with key decision-makers from institutions and practices throughout Ohio. Numerous residents also attend this meeting, providing you the chance to build relationships with those who will decide trends and technological advances in the future. Again this year, we will be hosting Advanced Practice Providers for combined and separate track programming.

We offer exhibitors dedicated time to renew your relationships with existing contacts and meet new ones. Reserve your booth today, as each year we sell out in advance of the meeting.

Thank you for your support of organized neurosurgery in Ohio.

Andrew Grossbach, MD
