Dear Colleagues,

On behalf of the Ohio State Neurosurgical Society (OHSNS), we are pleased to extend this invitation for you to exhibit at the 2024 OHSNS Annual Meeting in Columbus. This event features the latest innovations in science and highlights best clinical practices in neurosurgery that showcases OHSNS members' quest for excellence in all aspects of their work.

Each year nearly 100 neurosurgeons and advanced practice providers attend this successful meeting. As an Annual Meeting exhibitor, you will receive valuable opportunities to network with key decision makers from institutions and practices throughout Ohio. Numerous residents also attend this meeting so you have the chance to build relationships with those who will decide trends and technological advances in the future. And, for the third year running, we will be hosting Advanced Practice Providers for combined and separate track programming.

We offer more than three hours of dedicated time for you to renew relationships with existing contacts and meet new ones. Reserve your booth space today as each year we sell out in advance of the meeting!

Thank you for your support of organized neurosurgery in Ohio.
